HOW TO INSTALL

Features of Veri Ready™

- The look of sheers with the privacy of blinds.
- Control light and airflow from any angle by twisting the wand.
- No weights and chains so you can walk through anywhere, whether they are open or closed.
- Safe for children and pets.
- Easy to care for as the blades can be spot cleaned or you can unhook each blade for handwashing or replacement.

Veri Ready™ is easy to install at home to suit individual window sizes. Our DIY kits come in **White** and **Dark Grey** in the following sizes:

WIDTH	DROP
120cm	270cm
150cm	270cm
180cm	270cm
210cm	270cm
240cm	270cm
270cm*	270cm*
300cm*	270cm*

*Available for order

FAQ'S

What colour options are available?

Veri Ready™ comes with a white track and the fabric is available in two on-trend colour options - white or dark grey.

Can Veri Ready™ track and fabric be cut to size?

Yes, Veri Ready™ has been created so you can cut the track and fabric down to a size that will fit your window or door. We have printed instructions inside the box and a video link available (on the QR codes) which explain how to do this.

The sizes in store do not fit my window or door. Are larger sizes available?

We have two larger Veri Ready™ kit options - the 270cm x 300cm and 300cm x 300cm - which can be ordered in.

Which side will the wand be on?

As the track can be turned around either way the Veri Ready® can be either left or right traverse.

What tools are needed to install Veri Ready™?

A drill, drill bit, tape measure, spirit level and a screw driver.
