CHRISTMAS MESH WREATH

i BEGINNER

WHAT YOU'LL NEED

- 7x rolls Jolly & Joy mesh trims
- 1x pack Jolly & Joy glitter pipe cleaners
- 1x metal ring/wreath (or wire coat hanger bent into a circle)

INSTRUCTIONS

Step 1 - Cut 2m of 1 or 2 mesh trims. Put the 2 trims together and make a bubble shape at one end. Attach the 'bubble' to metal ring using a pipe cleaner. Continue making bubbles and attaching them to the ring until you are happy with the number of bubbles.

Step 2 - Continue with the other trims, bubbling them and attaching them in the same way.

Step 3 - Attach any baubles or other decorations with pipe cleaners or Christmas ribbon.

Step 4 - Curl any leftover lengths of pipe cleaners attached to the wreath around a pencil like a spring then remove the pencil.
