CRAFTERS CHOICE MACRAMÉ PLANT HANGER

i TBC BY MERCH

WHAT YOU'LL NEED

STYLE 1:

- 50m Crafter's Choice Recycled Macramé Cord. (14 Metres Required)
- 50mm Arbee Metal Ring X 1
- 50mm Arbee Metal Ring x 1
- 30mm ARBEE Wooden Beads (6 beads) x 2 packets

Finished Macramé Work: 117cms long (includes fringe). To suit pot approx. 18cm diameter.

STYLE 2:

- 50m Crafter's Choice Recycled Macrame Cord. (30 Metres Required)
- 50mm Arbee Metal Ring x 1
- 35mm Arbee Wooden Bead (7 Beads) x 2 packets

Finished Macramé Work: 128 Cms Long (Inc Fringe). To Suit Pot Approx. 20cm Diameter.

STYLE 3:

- 50m Crafter's Choice Macrame Twist 6mm. (35 Metres Required)
- Arbee Metal Ring 50mm x 1
- Craft Glue

Finished Macramé Work: 154 cms long (inc fringe). To suit pot approx. 25cm diameter.

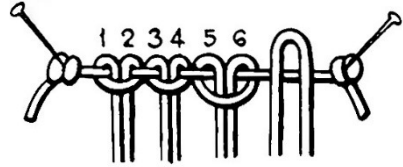

Tools:

- Scissors
- Sticky Tape
- Large Crochet Hook

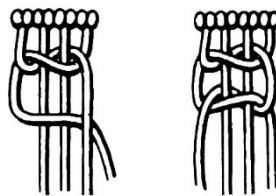

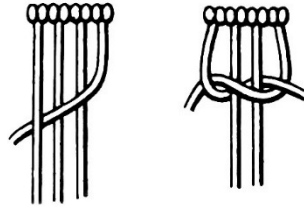

INSTRUCTIONS

KNOTS USED (with Abbreviations)

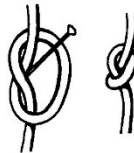

Larks Head Knots on Mounting Cord (LHK & MC)

Half Knot and Square Knot (HK & SK)

Overhand Knot (OK)

ADDITIONAL ABBREVIATIONS

WC – Working Cords, term given to cords to make knots.

FC – Filler Cords, term given to cords that knots are made around

STYLE 1

Step 1 - Cut WC – 4 x 3.5 metres.

Step 2 - Fold lengths in half and mount on the ring using a **LHK**.

Step 3 - Thread 3 beads and place tight up to the **LHKs**.

Step 4 - Divide work into 4 with 2 cords each. Tie an **OK** with each set of 2 close to the 3rd bead.

Step 5 - Measure down 10cms and tie another **OK** with each set of 2 cords. Repeat these two more times.

Step 6 - Measure down 10cms and taking a cord from each set, make news groups of 2 and work an **OK** with each set of 2 cords. Repeat this twice more

Step 7 - Thread 3 beads and place tight up to the **LHKs**.

Step 8 - Make an **OK** with all cords to secure the beads

Step 9 - Trim ends to a length of 32cm and tie each end with an **OK** 1cm above the cut.

STYLE 2

Step 1 - Cut **WC** – 6 x 5 metres.

Step 2 - Fold lengths so 1 side is 3.20m long and 1 is 1.80m long, the shorter lengths will be the **FCs**, and the longer the **WCs**. mount on the ring using a **LHK**, so that the arrangement is (3.20, 1.80, 1.80, 3.20) x 3.

Step 3 - Using the outer cords as **WC** work a **SK** around the middle 10 cords as **FCs**. Tighten to keep flat.

Step 4 - Work a further 2 **SK**, these can be tightened a little more.

Step 5 - Divide the work into 3 sets of 4 cords (ensuring 2 long cords (**WC**) and 2 short cords (**FC**) in each group), and work 6 **SKs** with each set.

Step 6 - Measure down 11cms and work 1 **HK**.

Step 7 - Repeat the same **HK** 11 more times, work will naturally twist.

Step 8 - Thread the 2 **FC** from each set through a bead work 2 **HKs** below the beads to secure.

Step 9 - Work a further 10 **HKs**. 12 in total.

Step 8 - Measure down 11cms and work 6 **SKs** with each set.

Step 9: Measure down 11cms and work a **HK** joining the sets together by taking 2 cords from the side of each set, (**FCs** will become new **WCs**, and **WCs** will become **FCs**).

Step 10 - Work a further 5 **HKs** to twist. Thread the 2 **FC** through a bead and secure by working 6 **HKs** below.

Step 11 - Measure down 5cms and work a **SK** joining the sets together by taking 2 cords from the side of each set, (**FCs** will become new **WCs**, and **WCs** will become **FCs**).

Step 12 - Work a further 2 **SKs**.

Step 13 - Secure all cords together at the base of the knots worked in Step 12, Work 2 **HK** with the 2 outside cords on each side as **WCs**, and the middle 8 as **FCs**.

Step 14 - Work 1 **SK** with the next 2 outside cords on each side as **WCs**, and the middle 4 as **FCs**.

Step 15 - Thread a bead over the middle 4 cords, and secure with a **SK** with the same **WCs** in Step 14.

Step 16 - Work 2 **HK** with the 2 outside cords on each side as **WCs**, and the middle 8 as **FCs**.

The twist will help the cords sit over the bead in quarters, or it can be manipulated to suit.

FINISHING - Trim cords to 28cms or desired length, below the wrapped cord. Fray cords for a relaxed look.

FINISHING - Trim cords to 40cms or desired length, below the wrapped cord. Fray cords for a relaxed look.

STYLE 3

Step 1 - Cut **WC** - 8 x 4.2 metres. Cut 2 x 1.0 metre for wrapping.

Step 2 - Fold lengths so 1 side is 2.40m long and 1 is 1.80m long, the shorter lengths will be the **FCs**, and the longer the **WCs**. mount on the ring using a **LHK**, so that the arrangement is (2.40, 1.80, 1.80, 2.40) x 4.

Step 3 - Drape vertically a 10cms end of the wrap cord from just below the **LHKs**, take the long end and wrap tightly around all cords for 5cms,

Step 4- Insert the crochet hook inside the cords, from top to bottom and draw up the end. Trim the ends.

Step 5 - Divide the work into 4 sets of 4 cords (ensuring 2 long cords (**WC**) and 2 short cords (**FC**) in each group), and work 8 **SKs** with each set.

Step 6 -Measure down 20cms and work 1 **SK**.

Step 7 - Repeat Step 6 once more.

Step 8 - Measure down 10cms and work a **SK** joining the sets together by taking 2 cords from the side of each set, (**FCs** will become new **WCs**, and **WCs** will become **FCs**).

Step 9 - Repeat Step 8 twice more.

Step 10 - Measure down 2cms and work a **SK** joining the sets together by taking 2 cords from the side of each set, (**FCs** will become new **WCs**, and **WCs** will become **FCs**).

Step 11 - Repeat the wrap process as in Step 3, draping the end 2cms below the last knot worked Use craft glue for extra strength below wrapping.
