CRAZY CAKE HATS BY DAWN TAN

e EASY

WHAT YOU'LL NEED

- Coloured Constructions Paper
- Craft Glue
- Pom Poms
- Scissors
- Coloured Felt
- Trim or Ribbons
- Stapler (For adults to staple hats together) or simply use clear tape to tape up hat.

You can also use buttons, fabric pieces, cupcake liners etc. I have used the simple stuff but you really can use anything and everything for this project. Even aluminium foil can be squished up to create sparkly balls!

INSTRUCTIONS:

Step 1 – Cut out a rectangular strip of coloured paper. Make sure it's long enough to wrap around your head.

Step 2 – Using the materials provided, it's up to you how you want to decorate your cake. Working on just 1 side of your long rectangular strip, cut out shapes, stick on pom poms, roll up strips of paper...the ideas are endless!

Step 3 – Once you have finished decorating the entire strip, wrap the strip around your head and secure the two sides with either tape or staples.

VIOLA! You have just made yourself a fancy cake hat. Now time to wear it out loud and proud! Whoohoo!
