## CHRISTMAS GIFT BAGS

### **e** EASY

#### WHAT YOU'LL NEED

- Crafters Choice Fabric Blank(s) of your choice we used Wine Bag, Gift Bag, Zip Pouch
- Cricut Maker
- Computer/Laptop with Cricut Design Space
- Cricut Iron On Glitter or Vinyl colours of your choice\*
- Cricut Weeding Tool
- Cricut Mat Standard Grip
- Easy Press
- Easy Press Mat or Towel (folded at least twice)
- Tape Measure
- Scissors
- Lint Roller

#### INSTRUCTIONS

**Step 1** - Choose your design from Cricut Design Space. In this project we used:

- #M175909CF "Let's Get Jolly Wine Bottle" for the wine bag
- #M8B36E93 "Christmas Tree" for the small gift bag
- #M786870B "Santa's Sleigh"
- #M8B373E4 "Sleigh"
- Fun brush font for the "All Day" for the make-up bag.

**Step 2** - Measure the blank to see how big you want the design to be on the bag and then adjust the size on Cricut Design Space.

**Step 3** - Cut a suitable sized iron on enough to cover the design and apply onto the mat.

**Step 4** - Cut your design - DO NOT forget to turn on mirror if you are using Iron-On.

**Step 5** - Repeat steps 3-4 on other sections of the design/other colours as required.

**Step 6** - Using the Cricut Weed Tool, weed out the excess iron on.

**Step 7** - Heat up your Easy Press, use the Heat Guide: [https://cricut.com/en\\_us/heatguide](https://cricut.com/en_us/heatguide). We recommend testing a small inconspicuous part of the fabric as cotton can burn.

**Step 8** - Use the lint roller to ensure the blank is free from dust and heat/press the fabric with the warm easy press - this makes a nice flat and warm surface for the transfer. Place your design, adjust as required and lay on top of your mat/folded towel.

**Step 9** - Apply the Easy Press on top for the desired time. If you are using infusible ink, ensure you use the butcher's paper provided.

**Step 10** - Allow to cool fully then remove the film.

**Step 11** - You may need to repeat steps 9-10 for other sections of the design/other colours as required.

\*Infusible Ink is ONLY compatible with polyester blanks
