0400 000 222

SPOTLIGHT

STEP 1 - PRINT

TEXT

Start by creating Layer 1, the 'Inner Text Layer' of your card. Using the **Cristina Re Printstation 3 Program** design and print your wording by selecting the 'Square Centered' option. Follow the prompts to design your perfect style of invitation. Once you have designed the text for inside the card, print onto **Cristina Re 'Ivory Luxury Linen' A4 Paper**.

STEP 2 - TRIM

LAYER 1 - TEXT LAYER

Once your 'Text Layer' has been printed with **Printstation 3**, trim your design using the **Cristina Re Paper Trimmer** by following the guides to create a 90mm x 90mm square.

LAYER 2 - MIDDLE LAYER

To create Layer 2, the decorative black border 'Middle Layer', use a single sheet of **Cristina Re 'Ebony Luxury Linen' A4 Paper** then measure a 100mm x 100mm square and trim to size.

LAYER 3 - BASE

To create Layer 3, the 'Base Layer' of the invitation, measure and trim a sheet of **Cristina Re 'Chevron' A4 Designer DIY Paper** to a 140mm x 140mm square.

STEP 3 - EMBELLISH

PEARL FASTENERS

Add embellishments to your invitation by securing two **Cristina Re Petite Silver Paper Fasteners** to the 'Text Layer'. To do this, firstly make a small incision above and below the text directly in the center of the paper using a pin or blade. Next, insert the **Cristina Re Petite Silver Fasteners** through the middle of the incisions. Turn the paper over and split the tips of the fastener until flat. Next, affix all three layers together using the **Cristina Re Tape Roller**. First, center the 'Text Layer' on top of the 'Middle Layer' and adhere with the **Cristina Re Tape Roller**. Next, position the combined layers directly in the center of the 'Base Layer' and secure together to finish your invitation.

STEP 4 - WRAP

WALLET

With a second piece of **Cristina Re 'Chevron' A4 Designer DIY Paper**, create a decorative square wallet to complete the invitation. Turn the paper to a landscape format then measure and trim 70mm off the top of the sheet, which will create a 140mm x 297mm wallet. Next, measure 75mm from each end of the wallet and score vertically down the paper with the **Scoring Tool** on the **Cristina Re Paper Trimmer**. Fold along these scored lines to create two neat sides of the wallet. Using the **Cristina Re Hand Punch**, create two holes on the edges of each side directly in the center of your wallet and thread the **Cristina Re Ebony Grosgrain Ribbon** through either side from the inside out. Enclose your invitation inside the wallet and secure shut to complete your invitation.

STEP 5 - SEND

ENVELOPE

Finally, encase and send your perfect party invitation inside a **Cristina Re Linen Ebony Square Envelope**. Use **Cristina Re Decorative Sticker Seals** to close the envelope or cut innovative shapes with the **Cristina Re Designer DIY Paper** to impress your guests.
