# CUSTOMIZED FAIRY LETTER BOARD

**e** EASY

## WHAT YOU'LL NEED

- Letter board
- Acrylic Paint
- Small paint brush
- Gems
- Hot glue gun and glue sticks

## INSTRUCTIONS

**Step 1** – Decide on what you would like your letter board to say and select which letters you would like to paint.

**Step 2** – Use acrylic paint and a fine paint brush to paint each letter. You may need to do a few coats to get a bold colour. Repeat with different colours for each letter.

**Step 3** – While your letters are drying, you can decorate your letter board. Use the hot glue gun to glue gems onto the timber frame of the board.

**Step 4** – Once your letters are dry, insert them into the letter board and hang on display to finish!
