INSTRUCTIONS

Step 1 – Choose paints and craft materials to match your overall Christmas theme this year. Once you have picked your paints, trims and other craft materials lay everything out on a clean work surface so you can see everything you have to work with.

Step 2 – Start by painting a base layer on the Papier Mache decorations, leave to dry before painting a 2nd coat.

Step 3 – Once dry, use the smaller paint brushes to paint details onto your designs.

Step 4 – Get creative and use the hot glue gun to add details to your decorations. Glue gems, pom poms, sequins, and trims in place to create fun and unique designs.

Step 5 – For the fillable baubles, fill them with pom poms, scatters, picks, and any other craft materials you like. Once filled close the baubles to finish.

Step 6 – Cut pieces of ribbon or twine and thread through the top for hanging on the tree.
