Adhere double-sided tape to selected ribbons and attach across the card wrapping one end around the fold to the back and the other end overhanging the front edge. Trim off overhanging ribbon from front edge. Add thickers for greeting.

## EASTER FUN

With the card in landscape orientation measure 1.5cm up from the bottom edge of the front on the inside and draw a line across. Rule 5 parallel line across the inside of the card 1cm up from the first line and 1cm apart. Create a brick pattern by adding vertical lines between approx 1.5cm apart. With the card on the cutting mat use the craft knife to cut the vertical lines. Weave lengths of ribbon in and out of the slits, with ribbons starting and finishing on the inside of the card. Tape ends of ribbon to the inside of the card. Add thickers for greeting.
