- Cricut BrightPad™ (optional)
- Weeder
- T-Shirt

Finished Size

Iron-on phrase is approximately 7.6" x 8.8"
(19.3 cm x 22.3 cm)

INSTRUCTIONS

Preparation

If you want to alter the project, select Customize, then use the tools in the Edit panel to make changes before you cut.

Cut

Step 1 - Be sure to Mirror the image when using iron-on and place the shiny side (clear liner) down on the mat.

Step 2 - Follow the prompts in Design Space® to cut the images from the iron-on material.

Assemble

Step 1 - Use a Weeder tool to remove the negative pieces or iron-on so just your design remains on the clear liner.

Step 2 - Apply the iron-on layers to your project using a Cricut EasyPress™ and Cricut

EasyPress Mat with our Interactive Guide, www.cricut.com/heatguide, for the perfect time and temp settings; or use a household iron or heat press and a press cloth.

TIP - If you have never used iron-on material, check out the links below in the More Help section.

Step 3 - If using multiple layers, work in the same order they appear in the Layers panel in Design Space, starting from the bottom layer and working up.
