# FRANCHEVILLE TIMBER FLOWER BOARD

**e** EASY

## WHAT YOU'LL NEED

- Mum Flower Lavender
- Mum Flower Cream Lavender
- Mum Flower Green
- Single Orchid Spray
- Snowball Spray Light Green
- Gomphrena Spray Cream
- Eucalyptus Bundle Grey
- Metal Garland
- Moss Mesh
- Moss Ribbon Roll
- Timber shadow box
- Hot Melt Glue Gun & Glue sticks

## INSTRUCTIONS

**Step 1** – Cover your letter in Moss using the moss ribbon. This is a really easy product to use as it bends and shapes very easily even around troublesome corners.

**Step 2** – Use wire cutters to cut up each stem leaving 1 – 2 cm for gluing.

**Step 3** – Place the flowers on the letter where you would like them to go. Once satisfied with the arrangement, glue each piece on to the letter, starting with your larger floral heads first. Very little of each of the flower sprays goes to waste. Use the buds and foliage to bulk out the design, creating a lush, full effect.

**Step 4** – Unroll moss mesh and measure out the space to fit the timber frame.

**Step 5** – Using wire cutters, cut mesh and glue to timber.

**Step 6** – Measure and cut Metal garland and use to trim each side of the timber, fixing with hot glue.
