GLOW IN THE DARK SLIME

e EASY

WHAT YOU'LL NEED

- 5 oz Elmer's Glow in the Dark Glue
- ¼ cup Magical Liquid
(Note: 1 bottle of Magical Liquid can make 4 portions of Slime)

INSTRUCTIONS

Step 1 – Pour out entire contents of the 5 oz Elmer's Glow in the Dark Glue into a bowl.

Step 2 – Add ¼ cup of Magical Liquid (see measurements on bottle) and mix a little at a time until fully blended.

Step 3 – Mix until slime forms and it begins to get harder to mix.

Step 4 – Take the slime out and begin kneading with both of your hands until slime reaches desired consistency.

Step 5 – If needed, add a little more Magical Liquid to make slime less sticky.

Note: For the best results, expose the glue to light for at least two minutes before turning off the lights to watch it glow.

**Adult supervision is required; This project is not appropriate for children under the age of 3 years. Always wash your hands before and after making and playing with slime.*
