- Assorted feathers
- 1 x PU Leaves Headband, Metallic
- 1 x Guinea Round Quills Natural

- Gold spray paint
- Hot glue gun and glue sticks
- Wire
- Faux gold leaves
- Shamrock Craft Decofoam Lady Head

INSTRUCTIONS

Step 1 – Start by cutting the individual leaves off the faux leaf stem. Use scissors to cut into the centre of each leaf to make it look like a feather. Repeat on multiple leaves.

Step 2 – Use a hot glue gun to attach a piece of wire to the centre of each leaf so it can be curled into shape.

Step 3 – Spray some of the feathers with gold spray paint and leave to dry before painting the other sides.

Step 4 – Once all the feathers are dry, use a curler to carefully manipulate each feather into a swirl shape.

Step 5 – Place the headband on your head form and start adding the feathers 1 by 1 to create 1 large swirl of feathers. Secure the feathers in place using hot glue or a needle and thread to the base of the head band. Continue doing this until the head piece is finished.
