## GOGGLE EYE STICKS

**17.18.11**

EASY

### WHAT YOU'LL NEED

- Construction sticks
- Acrylic paint
- Paint brushes
- Goggle eyes
- Felt
- Hot glue gun
- PVA glue
- Black texta

### INSTRUCTIONS

**Step 1.** Paint the construction sticks in the main body colours.

(Cow – White, Pig – Pink and Horse – Brown)

You may need to do 2 coats of the white.

**Step 2.** Once the paint is dry, paint on the cow's markings with black paint.

**Step 3.** Use PVA glue to glue the construction sticks together. We put 1 stick at the back of the 2 used for the body to enable them to all stick together.

**Step 4.** Cut out ear shapes and mouth shapes from felt for each animal.

To create the horses hair cut a piece of felt that follows the shape of the construction stick and then cut into the outside edge to create a fringe. Be careful not to cut the whole way through.

**Step 5.** Use a hot glue gun to glue the felt pieces onto the sticks and glue the goggle eyes in place.

**Step 6.** Then use a black pen or texta to draw the nostrils onto the felt noses and your animals are complete!
