INSTRUCTIONS

Step 1 - Use the Be Yourself White Coloured Hairspray to colour the hair white. **Tip:** Use a baby wipe to remove any overspray.

Step 2 - Using a small flat makeup brush, apply the BYS SFX White Colour Wheel to the eyebrows in light upward strokes to create bushy white eyebrows.

Step 3 - Using a thin makeup brush, use the black shade from the BYS SFX Cuts & Scratches Colour Wheel to make flicking strokes to add texture to the eyebrows.

Step 4 - Use the medium brown shade from the BYS Temptress Eyeshadow Palette to contour the cheek bones and forehead.

Step 5 - Use the dark brown shade from the BYS Temptress Eyeshadow Palette to draw in wrinkles on the face where they would naturally occur, such as the forehead, nose, under-eye area, lips, nasal fold, crows feet and chin.

Step 6 - Use the BYS SFX White Colour Wheel again to add white highlight under each wrinkle to add depth.

Step 7 - Use the dark red shade from the BYS SFX Cuts & Scratches Colour Wheel on

the BYS SFX Fine Stipple Sponge and stamp it onto the nose, cheeks and chin to create the look of veins and capillaries.

Using a regular makeup sponge, lightly smudge the same red shade on the eyelids and under-eye area.

Step 8 - To finish add costume, glasses and a wig.
