INSTRUCTIONS

- Step 1** - Place the carbon paper on fabric (carbon side facing down), and template of design on carbon paper.
- Step 2** - Trace the design using a soft pencil or stylus pen in the centre of fabric.
- Step 3** - Remove carbon paper and template.
- Step 4** - Secure the fabric onto embroidery hoop. Make sure fabric is taut and centred.
- Step 5** - Separate the embroidery in 3-strands. All stitches will be done in 3-strands count.
- Step 6** - Thread the needle using the threader and make a knot at the end of the thread.
- Step 7** - Starting from the beginning of the letter, bring the needle through the bottom of the fabric and pull through.
- Step 8** - Make the first stitch forward, following the line, then bring the needle back underneath the fabric a full stitch length.
- Step 9** - Then bring the needle back and pass through the same place as the previous stitch to create a full line.
- Step 10** - Pull the needle through and move forward in the same way.
- Step 11** - End the stitch with a knot at the back of the fabric.
- Step 12** - Separate the embroidery in 3-strands. All stitches will be done in 3-strands count.
- Step 13** - Thread the needle using the threader and make a knot at the end of the thread.
- Step 14** - Starting from the top of the leaf, bring the needle through the bottom of the fabric and pull through.
- Step 15** - Make the first stitch forward, following the line, then bring the needle back underneath the fabric a full stitch length creating a diagonal stitch.

Step 16 - Then bring the needle back and pass through slightly below the first stitch to cover the leaf/ flower centre area.

Step 17 - Pull the needle through and move forward in the same way.

Step 18 - End the stitch with a knot at the back of the fabric.

Step 19 - Choose two colours for the petals

Step 20 - Separate the embroidery in 3-strands. All stitches will be done in 3-strands count.

Step 21 - Thread the needle using the threader and make a knot at the end of the thread.

Step 22 - Starting from the inside of each petal, bring the needle through the bottom of the fabric and pull through.

Step 23 - Make the first stitch nearest to the flower centre , following the line, then bring the needle back underneath the fabric creating a random length stitch.

Step 24 - Change thread colour and stitch the rest of the petal with long-short stitches

Step 25 - End the stitch with a knot at the back of the fabric.

Step 26 - Thread an 8 inch long embroidery to needle

Step 27 - Cut the fabric with a 2cm bigger than the hoop circumference

Step 28 - Sew running stitch around the hoop, pull and tighten the fabric inwards
