# HARRY POTTER FACE PAINT

**e** EASY

## WHAT YOU'LL NEED

- 'BYS' Scar Wax
- Vaseline
- Concealer
- 'BYS' SFX Spatula
- 'BYS' Cuts Colour Wheel
- 'BYS' Thick Clotted Blood
- Harry Potter Accessories

## INSTRUCTIONS

**Step 1** – Apply a small ball of BYS Scar Wax to the forehead. Use your fingers to press and smooth it onto the skin. Handy hint – Always have Vaseline on your fingers when using scar wax. It will stop the wax sticking to you and helps it smooth out on the skin.

**Step 2** – Apply a small amount of concealer to even out the skin tone if required.

**Step 3** – Using the BYS SFX Spatula, gently carve out the shape of the lightening scar.

**Step 4** – Using the dark red shade from the BYS Cuts Colour Wheel, fill in the scar.

**Step 5** – Apply some BYS Thick Clotted Blood into the scar for a more textured look.

**Step 6** – Pop on your Harry Potter glasses, robe and scarf. Grab your wand and you're done!
