

How To Measure Your Windows

1 2 3 easy steps to correctly measure your window

1 Choose Mount Type

Start by looking at your window to decide how you want your blinds to be installed.

Recess Fit

Recess Fit is where the curtains or blinds are installed inside the window framing.

Face Fit

Face Fit is where the curtains or blinds are installed on or above the window framing (Architrave) width.

3 Choose Mount Type

Record all your measurements and window details on the attached window measurement worksheet.

Window Information			Width Measurements (mm)			Height Measurements (mm)			
Room	Blind Type	Colour	Face/Recess (mm)	Top	Middle	Bottom	Top	Middle	Bottom
Loounge Room	Roller Blind	Stone	Face	900	900	900	2105	2103	2100
			Recess	Recess fit use smallest measurement: 900			Recess fit use smallest measurement: 2100		

Record all measurements in millimetres (mm). This will ensure accuracy of selecting the right sized blind for your windows.

Spotlight has the largest and widest range of window furnishings to suit any room in your house. If you need further assistance, bring your measurements to any Spotlight store and our friendly staff will be able to advise and assist you with your window furnishings needs.

2 Measure Window

Measuring for Recess Fit

Measure the width at three points across to check the window is square. If uneven, the narrowest of the three measurements is to be used.

Measure the drop at three points to check your window is square. If uneven, the shortest measurement will be used.

Width

Height

Keep in mind: If you do choose to recess fit your blinds, you will need to ensure that window locks or handles will not interfere with the blind and that light will show through the gaps on either side. For greater light block out, choose face fit.

Measuring for Face Fit (Outside Mount)

Measure the width of the window from the side of one architrave to the side of the other architrave.

Measure the drop from the top of the architrave edge to the bottom of the sill or the floor.

Width

Height

Example:

Window Information				Width Measurements (mm)			Height Measurements (mm)		
Room	Blind Type	Colour	Face/Recess (Circle)	Top	Middle	Bottom	Top	Middle	Bottom
Lounge Room	Roller Blind	Stone	Face	900	900	900	2105	2103	2100
			Recess	Recess fit use smallest measurement:			900	Recess fit use smallest measurement:	

Window Information				Width Measurements (mm)			Height Measurements (mm)		
Room	Blind Type	Colour	Face/Recess (Circle)	Top	Middle	Bottom	Top	Middle	Bottom
			Face						
			Recess	Recess fit use smallest measurement:			Recess fit use smallest measurement:		

Room	Blind Type	Colour	Face/Recess (Circle)	Top	Middle	Bottom	Top	Middle	Bottom
			Face						
			Recess	Recess fit use smallest measurement:			Recess fit use smallest measurement:		

Room	Blind Type	Colour	Face/Recess (Circle)	Top	Middle	Bottom	Top	Middle	Bottom
			Face						
			Recess	Recess fit use smallest measurement:			Recess fit use smallest measurement:		

Room	Blind Type	Colour	Face/Recess (Circle)	Top	Middle	Bottom	Top	Middle	Bottom
			Face						
			Recess	Recess fit use smallest measurement:			Recess fit use smallest measurement:		

Room	Blind Type	Colour	Face/Recess (Circle)	Top	Middle	Bottom	Top	Middle	Bottom
			Face						
			Recess	Recess fit use smallest measurement:			Recess fit use smallest measurement:		

Room	Blind Type	Colour	Face/Recess (Circle)	Top	Middle	Bottom	Top	Middle	Bottom
			Face						
			Recess	Recess fit use smallest measurement:			Recess fit use smallest measurement:
