INSTRUCTIONS

- Step 1.** Start making your paper flowers by cutting a snail shape into your paper like the diagram below.
- Step 2.** Once your shape is cut, begin rolling the paper up tightly, starting at the end and working your way into the middle.
- Step 3.** Once you've finished rolling let the paper loosen a little and using a hot glue gun at the base glue the spiral in place to look like a rose.
- Step 4.** Repeat this process until you have your desired amount of roses.
- Step 5.** Use the hot glue gun to attach your paper roses onto the timber slat in a love heart formation.
- Step 6.** Allow to dry fully before hanging.
