EASY

### WHAT YOU'LL NEED

- Kasiercraft Timber Letter
- Assorted yarn, twine and straw
- Hot glue gun
- Acrylic paint
- Paint brushes
- Scissors

### INSTRUCTIONS

**Step 1.** Start by painting the timber letter with acrylic paint. You may need to do a few coats to get a solid colour.

**Step 2.** Once the paint is dry you can begin to wrap your letter. Choose which yarn you want to start with and cut a long strand. Glue one end of the strand to the back of the letter and start wrapping.

**Step 3.** Continue wrapping and when you get to the point you want to finish that section simply cut the end and glue in place with the hot glue gun on the back of the letter.

**Step 4.** Repeat this process with all different colours and materials until you are happy with how your design looks!
