KATIE JACOBS FELT PIZZA

e EASY

WHAT YOU'LL NEED

- Assorted coloured felt sheets (Red, Yellow, Dark Green, Beige/Brown, Black)
- Pen or pencil and card to create templates
- Single hole punch
- Scissors
- 'Craftsmart' PVA Glue

INSTRUCTIONS:

Step 1 - Create templates by drawing your own pizza and pizza topping shapes, similar to the examples in this project. Draw each template onto card and cut out using scissors.

Step 2 - Trace around templates onto felt and cut out using scissors.

Step 3 - For olives, use hole punch to cut centre, then cut evenly around the hole into larger circles.

Step 4 - Arrange as you like and use glue to attach "pizza toppings" to base. Let dry.

Step 5 - Enjoy your felt pizza but remember not to eat it.
