KIDS BEADED BRACELET

e EASY

WHAT YOU'LL NEED

- Stretch Thread
- Selection of Kids Beads.
(We used our new range of Play Jewels).
- Scissors

INSTRUCTIONS:

Step 1 – Cut approx 22cm of stretch thread (or measure thread around wrist and add extra length to tie knot).

Step 2 – Thread your selection of kids beads onto the stretch thread. Alternate beads in different colours & sizes to create a pattern.

Step 3 – Tie both ends of the stretch thread using a reef knot; Put left thread over the right and under & up, then put the right thread over the left and under & up. Double knot for extra security.

Step 4 – Bring the excess thread back through beads on either side to hide the knot and cut excess. Do not cut close to the knot.

FINISHING

Create multiple bracelets with all different colours and style of beads.

Share with friends or gift as wonderful homemade jewellery.
