KIDS PAINTINGS

e EASY

WHAT YOU'LL NEED

- Assorted 'Semco' acrylic paint
- Paint brushes
- Water
- Plastic tablecloth
- Paint palette

INSTRUCTIONS

Step 1 – Decide on background colours for each canvas and paint on with a large paint brush. Allow to dry and repeat with a second coat to get a solid background colour. Ensure you paint around the edges of the canvas too for a neat finish.

Step 2 – Once paint is dry, lightly draw design for each painting on the canvas using a pencil.

Step 3 – Paint the base colours for each design – Pink for the watermelon, Orange for the orange and Biscuit colour for the cone shape. Repeat with a second coat if needed and allow to dry.

Step 4 – Once paint is dry you can start to paint the details on your designs, the watermelon rind and seeds, orange segments and ice cream scoops. Again allow to dry before doing another coat of paint.

Step 5 – Once all paint is dry, your painting is ready to hang!
