Pattern 2

PANEL 3 - STEM PANEL

Cut 2pcs of Canvas Fabric in the pine colour at 2 x 7cm.

Step 2 - Take all 6 pieces of Panel 1 and stitch them together side by side to make the main body. Just keep a small hole at the bottom of any side to fill with sand. When filled stitch the opening closed.

Step 3 - Take 2 pieces of Panel 2 and stitch them together to make a leaf, leaving the end open. Turn inside out and add a little fibre before stitching the opening closed. Do this with the balance of the panels to make 5 leaves.
