Horizontal Double Half Hitches Left and Right. (HDHH R/L)

ADDITIONAL ABBREVIATIONS

WC - Working Cords, term given to cords to make knots.

FC - Filler Cords, term given to cords that knots are made around.

INSTRUCTIONS

Step 1 - Cut **WCs** 48 x 170cm and **FC** 1 x 200cm.

Step 2 - Mount all 48 **WCs** on Dowel with **LHK**, there should be 96 **WCs**.

Step 3 - Fold **FC** in half and with all **WCs** **HDHHR** with all 96 **WCs**.

Step 4 - Cut **FC** 1 x 300cm.

Step 5 - Fold new **FC** in half and mount on the **WCs** using a mixture of **DDHHR** at

varying angles, it is best to lie the **FC** along the hanging as you would like it to sit, you can secure at certain points with bulldog clips, adjust the hanging as you go so it sits nicely, the steeper the curve the more likely it will pull.

Step 6 - Fill the next section with alternating **SKs** approx. 4cm apart from each other, adjust so that they sit nicely under the top curve and create the desired shape for the next section.

Step 7 - Repeat Steps 4 and 5 to create another curve under the **SKs**.

Step 8 - Repeat Steps 4 and 5 to create another curve however leaving the **WCs** in the section above un-worked.

Step 9 - Secure all the **FCs** on each side by folding towards the back and adhering with Craft Glue.

Step 10 - Trim ends and leave or fray as desired.
