## TO MAKE UP

Pin all pieces in place before sewing securely. Attach eye centered between rows 8 and 9, with a gap of approx. 6 sts. Centre nose between the eyes, between rows 10 and 11. Stitch a vertical line from the bottom of the nose to space between rows 11 and 12. Use a small length of white yarn to stitch a 'glint' on the top right of the nose, and both eyes.

Place WS ear lining to WS ears, allowing an even gap around lining and sew together. Fold flat part of ear and join securely to the crown of the beanie.
