MYSTICAL SLIME

EASY

WHAT YOU'LL NEED

- 1/2 tablespoon of baking soda
- 1 tablespoon of contact lens solution
- 4 fl oz 'Elmer's' Clear School Glue, Pink Glitter Glue and Blue Glitter Glue
- Food colouring – Purple
- Glitter Purple, Blue and Gold
- 'Crafters Choice' Assorted Round Acrylic Gems
- 'X-Press It' Gold Metal Leaf

INSTRUCTIONS

Step 1 – Pour the bottle of a 4oz Elmer's School Glue evenly into 2 small sized bowls.

Step 2 – Add 1/4 tablespoon of baking soda into each bowl and mix throughly.

Step 3 – After mixing, add your food colouring to each bowl until you get the colour you want.

Step 4 – Add 1 tablespoon of contact lens solution.

Step 5 – Mix until mixtures get harder to mix and slime begins to form.

Step 6 – Add matching coloured glitter to each slime bowl and mix in. We also added in some gold leaf into the dark purple slime.

Step 7 – Take the slime out and begin kneading with both of your hands. Repeat for each colour. If needed, add 1/4 tablespoon contact lens solution to make the slime less sticky.

Step 8 – To combine hold each slime up high and let it stretch out. Once both are long enough, intertwine each one to create a mystical slime!
