**Step 2** - Layer the two pieces of fabric together and trim your edges to even them up.

**Step 3** - Cut out a 10cm square (4 x 4 inch) from each corner of your blanket.

**Step 4** - Cut strips into the blanket edge 4 inches long and 1 inch apart, along all four sides of your blanket. To create a fringed edge.

**Step 5** - Once you have cut all the way around, start tying knots at the top of each fringe knotting both layers of the fleece together.
