# OUTDOOR BEAN BAG

**i** INTERMEDIATE

## WHAT YOU'LL NEED

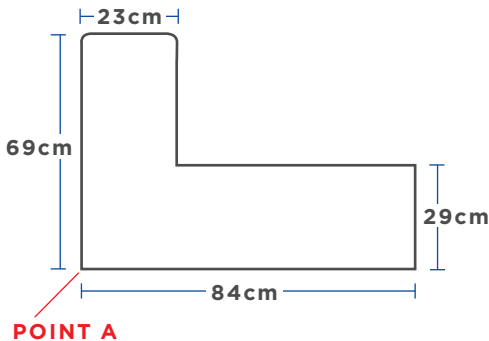

Finished size: 80 x 65 x 25 cm

- YD stripe canvas fabric, navy.
- Polystyrene beads (thermocool balls)
- Sewing machine and matching thread
- Scissors, pins, measuring tape
- Bean bag fill

## INSTRUCTIONS

**Step 1** - Cut panels as below:

- 1 panel of 287x64cm for main panel
- 2 panels as per below pattern for side panels.

**Step 2** - Take one panel of patterned cutting and attached it to the 287x65cm panel, start stitching it from Point A as shown and it will also end at the same point.

**Step 3** - Stitch the 2nd patterned panel on the other side of main panel in same way as Step 1 just keeping a small hole near the Point-A stitching for filling.

**Step 4** - Turn inside out, now it is ready to fill.

**Step 5** - Fill it with polystyrene beads (thermocool balls) as required and close the opening.

The bean bag chair is now ready to use.
