POLAR FLEECE NO-SEW THROW BLANKET

i BEGINNER

WHAT YOU'LL NEED

- 2m Printed Husky Polar Fleece
- 2m Plain Polar Fleece
- Scissors
- Ruler/Tape Measure

INSTRUCTIONS

Step 1 - Choose 2 coordinating pieces of fleece of equal width and ensure both are the same length by laying one on top of the other and matching edges up to each other so that they lay flat and even.

Step 2 - Cut out a 15cm square (6 x 6 inch) from each corner of your blanket

Step 3 - Cut strips into the blanket edge on both layers simultaneously 6 inches (15cm) long and 1 inch (2.5cm) apart, along all four sides of your blanket. To create a fringed edge.

Step 4- Once you have cut all the way around, start tying knots at the top of each fringe knotting both layers of the fleece together.

Step 5- Continue this the entire way around the blanket until all fringe is knotted and both layers of the fleece are completely tied together.
