PRIMA LOG CABIN QUILT

e EASY

WHAT YOU'LL NEED

- A choice of 6 plain fabrics – 75cm of each
- For backing fabric you will need 2 Metres of a wide quilt backing fabric as well as the same amount for batting.
- Binding. Allow an extra 50cm of your chosen colour.

INSTRUCTIONS

Step 1 - You will be cutting out 9 x 3 inch strips from each of the plain fabrics.

The most economical cuts for all strips is as follows cutting from your 3 inch strips.

Strip 1: 2 – 18 inch cuts and $\frac{2}{3}$ inch cuts

Strip 2: 1 – 18 inch cut and $\frac{2}{3}$ inch cuts and 2 – 5 $\frac{1}{2}$ inch cuts

Strip 3: 2 – 15 $\frac{1}{2}$ inch cuts and $\frac{1}{8}$ inch cut

Strip 4: 2 – 15 $\frac{1}{2}$ inch cuts and $\frac{1}{8}$ inch cut

Strip 5: 2 – 15 $\frac{1}{2}$ inch cuts and $\frac{1}{8}$ inch cut

Strip 6: 3 – 13 inch cuts

Strip 7: as strip 6

Strip 8: 3 – 10 $\frac{1}{2}$ inch strip and 2 – 5 $\frac{1}{2}$ inch strips

Strip 9: 3 – 10 $\frac{1}{2}$ inch strip and 2 – 5 $\frac{1}{2}$ inch strips

Step 2 – You will work these blocks in the traditional log cabin style block joining all sides together sewing with your $\frac{1}{4}$ inch foot. See diagram below.

You will begin in the centre and slowly work your way out in a circular type way.

Step 3 – As you sew each strip together press gently and trim as need be to neaten each edge as you go for a neat block finish

Step 4 – Once all of your blocks are assembled you can then join them altogether one row at a time.

Step 5 – Sandwich and quilt your quilt. When sandwiching your quilt always allow a good 10cm larger of backing and batting on each side of the quilt. Once quilted trim and bind.
