## **i** BEGINNER

### WHAT YOU'LL NEED

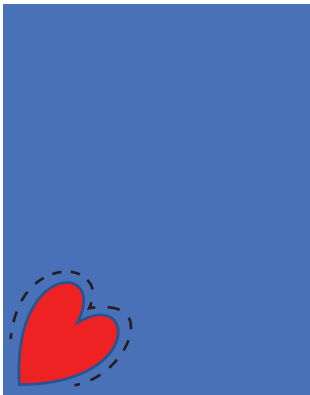

- 5 x Poster board sheets of various colors (this project used Red, Yellow, Green, Pink and Blue)
- X-Press It 50 m Double-Sided Tape White 24 mm
- Scissors

### INSTRUCTIONS

**Step 1** – Begin by cutting a heart out of your first selected color.

**Step 2** – Using your double-sided tape, apply strips to the back of the heart. Approx. 3 strips – left, middle, right side of the heart.

**Step 3** – Select the second color for your heart. Using one of the corners of Color 2 sheet, line up your first heart leaving a visible boarder of color around your first cut out. Peel the double-sided tape backing and adhere the first heart. Using your scissors cut around the heart leaving a 2cm boarder of the secondary color visible.

**Step 4** – Repeat this process with all colors. Ensure that you alternate your colors. You may need to move your heart around the poster sheets to get a complete frame

around each heart. You will be finished when you are no longer able to create a boarder around the last heart made.
