REUSABLE MAKE UP WIPES

i EASY

WHAT YOU'LL NEED

- 5m softy cotton terry towelling
- 5m torino luxe crepe reverse fabric
- Scissors or rotary cutter
- Cutting mat
- Sewing machine
- Thread
- Pins

Instructions:

Step 1 - Wash, dry, and press fabrics.

Step 2 - Cut chosen fabrics into 8cm x 8cm. This will be faster with a rotary cutter and mat! Cut as many squares as you would like to have finished pads.

Step 3 - Place a patterned square, pattern face down, on top of a white flannel square. Pin once in the middle of the square to hold the fabric in place.

Stitch around an individual square with 1cm allowance. Be sure to leave a 2.5cm" opening in the middle of one side. Be sure to backstitch on either side of your opening!

Step 5 - Snip the corners off to reduce bulk inside the squares.

Step 6 - Through the 2.5cm" opening, turn the squares right side out. Because they are small, this may be tricky! Don't pull too hard or too fast or you will rip your fresh stitches. Use a pencil or another pointed tool to push out the edges.

Step 7 - Fold the opening in (it will already be tucked in slightly) and press with iron. Pressing the whole square will also help it to lay flat.

Step 8 - Top stitch around the edge of the whole square close to the edge. This can be measured to 0.5" if desired, but just be sure you're stitching your opening closed.

Step 9 - Use your new makeup remover pads with water or your favourite make up remover.

Step 10 -To wash simply use a bar of soap and water to wash away any make up on the pads.

Making sure to rinse thoroughly.
