RIBTEX UV RESIN COASTER AND KEY RING

e EASY

COASTER

WHAT YOU'LL NEED

- 200ml clear ribtex UV resin
- 15ml dark red ribtex UV resin
- 15ml dark black ribtex UV resin
- Ribtex UV resin coaster silicone mould
- 15g gold ribtex sensations no hole glass chips
- 6 x 8mm orange and brown ribtex strung chip stone bead strand
- 6 x 8mm navy ribtex strung chip stone navy bead strand
- Gold Paint or marker

INSTRUCTIONS

Step 1 – Place in gold glass chips and stone chips into coaster silicone mould.

Step 2 - Pour in clear and coloured UV Resin.

Tip – a headpin is great for mixing colours and creating patterns as well as popping any bubbles that appear on the surface.

Step 3 - Leave to cure in sunlight. Larger projects like coasters can take a while to cure. It is best to flip your project and cure from both sides particularly when working with opaque colours like black.

Step 4- Demold your projects once fully cured.

Step 5 – Finish your project with gold paint or gold marker around the edges.
