INSTRUCTIONS

Step 1 - Preheat the oven to 180degrees and place a sheet of baking paper onto a baking tray.

Step 2 - Roll out the white sculpey to roughly 5mm thick then carefully cut out the numbers using the Number Cutters.

Step 3 - Place cut out numbers onto prepared baking tray and cover with another sheet of baking paper.

Step 4 - Place in the oven and cook for 15 minutes. Remove from oven and allow to cool.

Step 5 - Once numbers have cooled, use the deco art paint to paint the sculpey. You may need a few coats to get a solid colour.

Step 6 - Once the paint has dried, use scissors to cut small strips of the magnet sheet that you can stick onto the back of each number.

Step 7 - Stick number magnets to fridge and enjoy!
