#### INSTRUCTIONS

##### Cutting

- From each of Fabrics A, B, C, D, E, F, G, H, I, J, K, L, M, N & O cut 1 wedge lengthways down the fabric using template provided (template 1).
- From each of Fabrics AA, BB, CC, DD, EE, FF, GG, HH, II, JJ, KK, LL, MM, NN & OO cut 1 wedge lengthways down the fabric using template provided (template 1).
- From the fusible interfacing use template 1 to cut out 30 wedges and fuse to the wrong side of the 30 fabric wedges. Trace 4 x 3¾" circles (template 2) onto paper side of fusible web and roughly cut out. Fuse 2 circles to wrong side of each of Fabrics P & Q. cut out the four circles.

**Step 1** - Arrange the wedges in order from Fabric A to Fabric O.

**Step 2** - Starting at Fabric A sew wedges together in pairs, AB, CD, EF, GH, IJ, KL & MN. Keeping order correct, sew pairs together making 3 sets of 4 and one set of 3. Sew together into one set of 8 and one set of 7, then sew the sets together. To complete the circle sew A to O.

**Step 3** - Press seams in one direction around

the circle. Topstitch  $\frac{1}{8}$ " from seam line on side where seam has been pressed. This will give the seams added strength.

**Step 4** - Fuse one Fabric P circle to the centre on the inside of the pieced circle then fuse the other Fabric P circle to the outside of the pieced circle. Zigzag or straight stitch around the edge of the top circle and press well.

**Step 5** - Repeat Steps 2 and 3 Using Fabrics AA to OO. Then repeat Step 4 using Fabric Q circles.

**Step 6** - Pin the circles together around the outside edge. Sew together around the edge leaving a 9" opening for turning right side out and stuffing.

**Step 7** - Press well and turn cushion right side out. Stuff to desired fullness making sure the stuffing is evenly distributed. Hand sew opening closed.
