STEAMPUNK KEY RINGS

e EASY

WHAT YOU'LL NEED

- Steampunk Keychain
- Assorted Steampunk Charms and Pendants
- Steampunk Chain
- Pliers and wire cutters
- Glitter for Fancy Bottle Charm (optional)

INSTRUCTIONS

Step 1 - Lay out all your charm and pendants to decide on your design for each key ring.

Step 2 - Using the wire cutters, cut varying lengths of chain for you pendants to hang from. Once cut thread through the key chains to secure.

Step 3 - Use the pliers to open the last chain on each strand of chain and place pendants/charms into the open chain. Use the pliers again to close the chain, locking each pendant/charm in place.

Step 4 - Repeat step 3 with each pendant/charm you wish to add. You can add multiple charms/pendants to the chains or straight onto the key chain. You can fill the fancy bottle charm with glitter to add a pop of colour to your personalised key ring!

Step 5 - Once you're happy with your finished key ring add it to a bag or pencil case of your choice!
