TIE-DYE SNOWMAN T-SHIRT

i INTERMEDIATE

WHAT YOU'LL NEED

- Tulip One-Step Tie-Dye Kit
- Tulip Fabric Markers
- White t-shirt
- Rubber bands
- Gloves
- Large Ziploc bag
- Baking rack
- Cardboard
- Paper towels

INSTRUCTIONS

Step 1 - Step 1 - Layout the damp/pre-washed t-shirt and smooth out the wrinkles.

Step 2 - Pinch the t-shirt in the centre, and then gather it together into a tube shape.

Step 3 - Take the rubber bands and start wrapping them 3 inches from the top. Create sections that are 1-2 inches thick.

Step 4 - Place the tied t-shirt on the backing rack, and lay paper towels underneath.

Step 5 - Dye the sections alternating with red and green dyes.

Step 6 - Once you're done dyeing, place the t-shirt into the plastic Ziploc bag and allow to set.

Step 7 - Cut the rubber bands off then rinse under running water.

Step 8 - After rinsing, you'll want to wash and dry the t-shirt.

Step 9 - Take the t-shirt from the dryer and lay it flat. Place the cardboard into the shirt to create a stable drawing surface.

Step 10 - Grab your Tulip Fabric Markers and begin drawing the snowman face.

Once your t-shirt has its snowman face on it's ready to wear!
