### TIPS FOR ABSTRACT PAINTING

**Step 1.** Start painting without having a set plan in mind. Let the theme or aesthetic appear as you work.

**Step 2.** Start with lighter or watered down paint and slowly build the colour and textures as you go.

**Step 3.** Let your hand strokes be free flowing, have the mindset that nothing is a mistake and build on the parts that you are not happy with.

**Step 4.** Choose colours in an instant and trust your gut. Layer and blend colours in an intuitive way and allow colour to be the driver of your work.
