### INSTRUCTIONS

#### TEMPLATES

Create templates as shown in diagrams using template plastic.

### CUTTING

All strips are cut across the width of fabric unless otherwise stated.

From each of Fabrics A, B, C, D, E, F, G, H & I cut the following -

- 2 x  $8\frac{1}{2}$ " strips for Template A
- 2 x 7" strips for Template B
- 1 x  $2\frac{1}{2}$ " strip for binding

**Step 1** - Place Template A onto wrong side of an  $8\frac{1}{2}$ " strip, trace around the template and cut out. Cut 12 of Template A from all 9 fabrics.

**Step 2** - Place Template B onto wrong side of a 7" strip, trace around the template and cut out. Cut 12 of Template B from all 9 fabrics.

**Note** - This will give a total of 108 of Template A and 108 of Template B giving a variety of fabric combinations for the blocks as only a total of 100 of each template is required.

## BLOCKS

Each block consists of one Template A and one Template B. Select fabric combinations as you go or if preferred select and pair up all fabrics before you begin.

**Step 3** – To sew Template A and Template B pieces together fold each piece in half to find the centre of each curve and finger press. Fold each end in to the centre and finger press.

**Step 4** – Place template A on top and template B on the bottom with right sides facing and pin the centres together. Align ends of both pieces and pin. Match up halfway marks and pin.

**Step 5** – Starting at one end sew slowly following the curve easing fabric as needed and realigning raw edges about every ½". Have needle in down position when stopping. Press seam to template A.

Repeat until you have 100 blocks.

**Step 7** – When happy with your layout sew the blocks in each row together. Press seams in one direction alternating the direction in each row.

**Step 8** – Sew the rows together matching seams. Press seams in one direction.

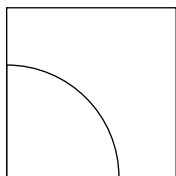

**Step 9** – Layer the backing, batting and quilt top and baste together. Quilt as desired.

**Step 10** – Join the 6 x 2½" binding strips together on the bias to make one long strip. Press in half lengthwise and bind mitering corners. Attach a label or sign and date your quilt.

## QUILT TOP

**Step 6** – Lay out the blocks as desired in 10 rows with 10 blocks in each row.

For our quilt Rows 1, 3, 5, 7 and 9 had the blocks with the quarter circle in bottom left corner.

For Rows 2, 4, 6, 8 and 10 had the blocks with the quarter circle in top right corner.
