UNICORN FACE PAINT

e EASY

WHAT YOU'LL NEED

- 'BYS' face paint kit
- Paint brushes
- Sponge
- Black Eye pencil

INSTRUCTIONS

Step 1 - Begin by using the white face paint to lightly cover the whole face. Use the sponge to spread the paint out evenly across the face. Handy hint- Applying face paint on a sponge will give a softer, more blended look to the paints.

Step 2 - Next apply the pink face paint around the cheeks and forehead to create the back ground for your unicorns' ears and check designs. Add some gold to create the mane in the centre of the forehead and add some gold sparkle to the cheeks too.

Step 3 - Once the face paint is dry, use the blank eye pencil to draw the design for the cheeks and outline the mane and ears on the forehead. Fill in or go over with black face paint and a thin brush.

Step 4 - Lastly using a thin brush again, use the white face paint to add more design features such as sparkles and spots to your unicorns face.
